Re: "Request for Review" CC Docket No. 02-6 "Supporting documentation, the SLD determined that the Form 486 for these funding requests should have been filed within 120 days calculated from the issuance date of the Funding Commitment decision Letter or the Service Start Date as indicated on the Form 486, whichever is later."

To Whom It May Concern:

I would like to appeal a decision made by the Schools and Libraries Division concerning our school district, Dry Creek Elementary, Billed entity number 144605. This appeal is for funding year 2004 (E-rate year 7). It is concerning form 486 and a missing signature page. The date of the decision by the SLD is August 15, 2005. The following FRN numbers have been affected; 1124072 SureWest Telephone & 1164052 SureWest Long Distance. The 471 application number is 409881. The service start date has been modified from July 1, 2004 to January 17, 2005.

On January 31, 2005 I filed a form 486 on line and mailed in the signature page to the SLD. In the midst of filing for E-rate funding year 2005 I did not notice that I had not received conformation from the SLD about receiving my signature page. I was not aware that the SLD had not processed my signature page until my service provider, who was trying to invoice the SLD called to tell me that they were not able to invoice because I had not completed my form 486. I explained to them that I had filed the form several months prior. The following day I made a phone call to the SLD, Case number 21-257927 and discovered that they had never processed my signature page. I immediately sent then another signature page which they

received the next day. Apparently because the second signature page was received less than one week after the due date I have lost significant dollars from my original funding commitment decision. I am enclosing a copy of the original signature page as well as a copy of the second page. I am asking that the original funding commitment amount be reinstated as it is clear that my intent as well as my action show that I filed the form well within the guidelines and only after I realized that the signature page had not been processed/received by the SLD did I know I was not in compliance. I sincerely hope that the above information is sufficient for you to honor the original funding commitment decision amount.

Sincerely,

Bob Lyons
